WEEK IN OXFORD CO.

Following a complaint from a real estate business in Woodstock operated by Mr. and Mrs. Wendall Hall, claiming the service rendered by the hand cranked telephones of the Bryant Pond Telephone Co. in the area was inadequate, a hearing was called by the Public Utilities Commission. Reportedly 200 of the 340 subscribers attended the hearing last Thursday. There were 22 speakers in favor of the current system. A PUC spokesman said a decision on the complaint will be handed down in three weeks.

Dr. John Ford, DMD, owner of Andrews Nursing Home, Inc., South Paris, and Cozy Inn Nursing Home, East Rumbold, has announced the appointment of Mrs. Barbara Gowell as administrator of both nursing homes. Mrs. Gowell was graduated from Paris High School in 1950 and from Portland Business School in 1957. A licensed administrator with the State of Maine, she has worked for the nursing homes since 1967. Dr. Ford also announced that Mrs. Eileen Hill has been appointed Assistant Administrator and Purchasing Agent for the Andrews Nursing Home, which will have 126 beds after the new addition is completed and that Mrs. Judith Foster will be assistant administrator at Cozy Inn Nursing Home, which has a 54 bed facility.

Ex persons, five young men and a young woman from the Oxford-South Paris area pleaded guilty in federal court last Thursday to misdemeanor charges of blowing up and destroying five rural mail boxes at private residences in Norway and Oxford. A recommendation was made by Asst. U. S. Atty. John B. McGowan that each be assessed \$5,000 if they first replace or pay for the destroyed mailboxes. The case was continued until Aug. 20.

Teachers and staff members at Freyberg Academy have established a teachers association in affiliation with the Maine Teachers Association and the National Education Association. Officers are: president, David Woodcome; vice president, John H. Atwood; secretary, Mary Eileen Brown; treasurer, Sharon L. Di-

Norman K. Ferguson Sr. of Hallowell has been named chairman of the Oxford County Finance Committee for the Republican Party of Maine in working on its 1973 fund raising campaign. The quota for Maine is \$10,000. Oxford County's share is \$250.

Brend's first Zayre's discount department store is scheduled to open at 10 a. m., Aug. 20. The large store will feature nationally advertised merchandise—home furnishings, automotive supplies and apparel for the whole family. John Zayre will be manager. Assistant manager will be Ray Struthers. Both are well experienced in retailing.

Brooks and Mills named M.V.P.s of Bethel Red Sox. Mike Brooks and Ronny Mills were elected Most Valuable Players awards by their teammates of the Bethel Red Sox. Both players led their team in batting average and earned catching and pitching positions during the season.

Mr. and Mrs. Lee Hutchins entertained at a family cook out on Sunday. Mr. and Mrs. Homer Smith, Mr. and Mrs. Mark Hutchins, Old Town, Mr. and Mrs. Michael Hutchins, South Paris and the Musca Jell and Kelly Hutchins.

COMMENTS FROM THE TOWN MANAGERS OFFICE

The Selectmen have approved a fee schedule for sewer users based on cost of installation and operational expenses of the sewer system. The fees will be based upon water use with the minimum use of 8,000 cu. ft. per year costing \$95.40. Above the 8,000 cu. ft. it will be \$11.30 for each additional 1,000 cu. ft.

There has been a man working part-time collecting dog licenses for us. He has located many animals which have not been taxed for several years. He also has been asked to go to Albany and Mason to assist the county in collecting their delinquent dog taxes.

The Highway Dept. is tarring as much as the weather permits. Because of a breakdown of a piece of equipment they could not do the work during the good weather we have had.

The rodger to clean the sewer lines was delivered this week. The cost of this will be incorporated into the new system making us eligible for financial assistance from state and federal funds.

"BUSINESS WEEK" FIGURES SHOW RISE IN MAINE PERSONAL INCOME

Maine personal income continues to rise at a rate faster than that of New England as a whole according to the latest figures published by Business Week.

Maine personal income was 12.2 per cent higher in May compared to the same month a year ago and for the first five months of 1973 was 11.3 per cent higher than for the same period in 1972. For the six New England states personal income was 10.3 per cent higher in May 1973 than in May 1972 and for the first five months of 1973 was 10.7 per cent higher than for the same period a year ago.

Nationwide personal income for May was 11.6 per cent higher in May 1973 than in May 1972 and 11.9 per cent higher for the first five months of 1973 than for the first five months of 1972.

Business Week noted that the rate of growth in personal income has been slowing down and labeled it as "yet another sign that the broad expansion of the economy over the past year is cooling down."

REGULAR SESSION OF S. A. D. 44 BOARD HELD AT ANDOVER

A regular meeting of the board of directors of S. A. D. 44 was held at the Andover Elementary School on Monday evening of this week.

An orientation picnic is planned for all staff members and directors of S. A. D. 44, to be scheduled on some evening during the first week of school. It was the unanimous vote of the directors that any expense would be borne by the district.

Basil E. Kinney, superintendent, reported that federal funding for the teacher's aides employed under the Emergency Employment Act would be reduced by 10% each month starting in September.

Mr. Kinney also reported a delay in delivery of the four new busses and one van. Originally scheduled for delivery before Sept. 1, the units are not expected before Jan. 1, 1974. Reportedly the cause of the delay is a two month shut-down of the chassis manufacturers assembly line due to model changeovers.

It was reported to the directors that 37 students and six adults participated in the Summer Driver Education program at Telstar.

The superintendent reported that revised insurance values of district property reflect a 5% increase, necessitated by increased replacement costs.

The board approved an intramural program for the 1973-74 year at Telstar Regional High School. The program will encompass grades 7 through 12, and is to provide one female and one male instructor during each of the three seasons (fall, winter, and spring). Under the approved program, the present coaching staff of each varsity sport may provide interscholastic competition for grade 7 and 8 students, subject to budget and coaching staff limitations extant for each varsity sport.

The directors approved the continuance of the experimental smoking area at Telstar for the 1973-74 school year.

The board confirmed the employment of the following teacher aides for the 1973-74 school year: Nancy Cummings, Ethel Bibbee School, Margaret Buck, Crescent Park School; Linda Gilbert, R. C. Foster School.

Also confirmed were the employment of Paul Vincent as teacher of grade six at Woodstock Elementary School, and Bruce Burkland as teacher of math and English at Telstar.

Mr. Vincent has had eight years of teaching experience in the Hallowell schools. Mr. Burkland is a 1972 graduate of the U. of M. Farmington, and has taught one year of

NEW LAW STOPS CHARGING OF FEES AT NATIONAL FOREST SITES

The White Mountain National Forest in New Hampshire and Maine will no longer be charging for use of recreational facilities. The new Golden Eagle Passport Program (PL-9381), an amendment to the Land and Water Conservation Fund Act, was recently signed by President Nixon. The new program stops the charging for federal recreation facilities unless they offer the camper the luxury facilities not found on most Forest Service areas.

Fees will no longer be charged at Federal campgrounds and swimming areas that do not have all the following facilities: flush rest rooms, showers, access and circulatory roads, sanitary disposal systems, visitor protection patrol, designated tent and trailer spaces, refuse containers, and potable water.

Paul Weingart, Forest Supervisor, explained the effect of the law on the White Mountain National Forest. "Since there are no campgrounds or swimming areas on this National Forest that offer the combination of flush rest rooms, showers, and sanitary disposal systems, we will not be charging for the use of our facilities. We will continue to offer well-maintained, clean recreation areas with the very basic facilities we stopped charging at all recreation areas as of Aug. 8."

Before the new law went into effect, there were 21 campgrounds and swimming sites on the White Mountain National Forest that charged fees for overnight camping and swimming. During the 1972 summer season, the Forest collected \$139,930.50 from the recreation areas.

The Golden Eagle and Golden Age Passports will remain valid at all Federal recreation areas that continue to charge entrance and user fees.

POST #68 PASTIMERS WIN SEASON FINALE OVER RICHMOND, 14-0

Jackson-Silver Post 68 of Locke Mills won its final Legion junior baseball contest of the season last Thursday evening, Aug. 9, a 14-0 make-up game at Richmond in which Levi Brown turned in a six-inning no-hitter. Darkness interrupted after Brown, an infrequent pitcher for Locke Mills this summer, struck out 11 over the short route.

He walked five, Locke Mills accounted for 14 hits, three of them by Wayne Cummings, who knocked in three runs. So did Rick Wing with his single and double. The Locke Mills finished their first campaign with a most satisfactory 14-8 record. The box:

cones. The State Nursery, which
grows approximately 3,000,000 seed-
lings each year for planting on aban-
doned Maine farmlands, utilizes the
seed from the cones for their
program.

White spruce cones generally pic-
ken in late August and can be pic-
ked until the cones open, usually in
late September. Norway spruce and
red pine cones can be picked any-
time during the fall. In past years
many Maine individuals have pic-
ked cones for the State Nursery. The
cones can be picked from freshly
cut tree tops lying on the ground
on logging operations or trees can
be climbed and the cones removed.

The prices per bushel being paid
during 1973 are as follows: red or
Norway pine, \$15; Norway spruce,
\$2; white spruce, \$0. Prospective
cone pickers should contact their
local Maine Forestry Department
Service Forester who will inspect the
cones before picking. All cones must
be ripe, unopened cones. The Nur-
sery is especially in need of red
pine cones as at the present time
commercial seed houses throughout
the United States have none in stock.
This accounts for the increased price
being offered for red pine cones.

Further information may be ob-
tained by contacting the local state
service forester or the Maine For-
estry Department, Augusta, Maine.

NORTH PARIS

Wilma Pierce, Corres.

Arthur Allen observed his birth-
day, Saturday, Aug. 11. He was 90
years young. He had many cards,
callers and gifts. He is house-bound,
so he enjoyed his many callers.

Mrs. Agnes Coffin and her mother,
Mrs. Cora B. Millett of Milton call-
ed on the Barretts Sunday. Mrs.
Millett will observe her 99th birth-
day Sept. 5. She gets around with a
cane. Knits and crochets some and
has her favorite TV programs.

People turned out in great style
for the old home days and parade
and supper at West Paris, Aug. 11.
It seemed good to see a good pa-
rade after a few years absence. We

hope they made a bit of money. The
weather was hot and then some. Af-
ter the parade the Norway-Paris
Comets entertained the patients at
Ledgeview nursing home. The Com-
ets are a fine bunch of boys and
girls.

A benefit supper will be held at
West Paris Grange Hall on Aug. 24
for James Abbott and Robert Coffin,
our road commissioner of West Pa-
ris. Let's give them our support
for they need it. Jim is in Waterville
Hospital and Bob at Maine Medical,
Portland.

Jeffrey Coffin, West Paris, spent
Saturday night and Sunday with his
uncle, "Rook" Lawrence, while his
Aunt Doris was at New Brunswick,
Canada.

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —
August seems like a time for all things. The seeds of last spring are now fruit. Tomatoes are ripening and there is corn, a favorite of most people, and surely of that animal, the racoon. What waste he can bring to a garden in a single night.

Along the road sides a few impatient asters have shown up, over the pasture fence the thistle is sweet-scented with a purple-pink head. Yards and gardens are flaming with phlox.

Weeds, the renegades of the farmer and the gardener, are abundant everywhere. We find the wild mustard, fleabane, pigweed and purslane. There are scores of others which man has no use for but Nature does, using them for winter birds, bees, or butterflies.

Goldenrod has been in bloom for some time, and the milkweed's sweetness is noticed. And this shows that the growing things have their own schedules. They do not depend upon the calendar as we do. We are always measuring time.

The haste of the green world is gone. No longer do we hear the frog chorus, just now and then the slow roll of grand-daddy frog.

Ants are so busy; marching, marching while we listen to the shrill drone of the cicada.

Weather hasn't favored hiking these last few weeks but between showers and the heat we have taken a few.

One day we visited Lost River in New Hampshire and went through the caves. These glacial carved places reminded us so much of our Ice Caves and Pot Holes which so few know. Many ask for the way but I'm sure few ever find the real caves beneath the earth. To many hikers there is only a confusion of angular boulders, an immensity of stones twisted by time, broken by frost into extraordinary confections. But enter a long narrow canyon of one and there are sides going straight up fifty feet or more. Many caves are totally dark so one MUST carry a flash light. There are many chambers some descending, some on level, and one feels the cool damp air coming from the crevices. Off the main chambers lead shafts into which one may enter by crawling. These might entice the adventurer but what about the porcupine that perhaps is there? At the end of one cave there is a drop which goes down, down where one can never see what lies at the bottom.

The day I went was on August 23 and we found enough snow in places to make snow balls. Although I enjoyed that trip, many years ago, with a good guide, I never want to enter them again. They are too cold, silent, damp and forbidding; I feel a sense of claustrophobia and want no part again of this phenomenon created probably when the Ice Age covered New England.

Lost River with its guided tours and convenient stairways has much to offer but is more open than the Ice Caves.

We have made a return trip to Frye River, climbed Albany Mountain and taken a beautiful trail which followed Wild River about which I may write at another time.

Meantime the August moon will be with us; full this week lighting the green hills. The August nights are bringing out the "wing-scratchers" to pipe their tunes and make the nights vibrate with sound. If your ears are elfin sharp, you can hear the music, soft, like a harp—"Zee-ee-zee-ee-zee-ee". Then there is the katy-did or cricket that sings from field and thicket.

Summer it still is but sunrise comes later and the dusk of evening creeps down the hills earlier to remind us that August, too, is seeping away.

My brother brought me a lily on Friday which he had taken from his garden. To start with I'm sure it was a Day Lily. It is tawny-orange, faces upward, has no spots, and has a leafless stem. The long sword-like leaves grown in a clump at the base of the plant. There are clusters of long buds at the top of the stem, and each opens for one day only and then fades as another bud opens.

Five long stamens and a pistil protrude from the throat of the funnel-shaped flower. The strange part is that at first when it grew it had one whorl around with six petals, last year it had a double whorl and this year the one which he brought had three whorls and one other opened with four whorls. I wonder if this is unusual?

Tonda Mills, Shapleigh, has been visiting her aunt and uncle, Mr. and Mrs. Frank Curtis, for a week and is now with Mr. and Mrs. Clyde Morgan for a few days.

Mr. and Mrs. Robert Holt and Danny, Windsor, spent Sunday with the Holt family at the farm.

Jackie Cotton entertained the neighborhood girls on Friday at a birthday party for her daughter, Lisa.

Maureen Millett is on a trip to St. Stephens, New Brunswick, with Mrs. Doris Lawrence to visit relatives.

Sgt. and Mr. Wayne Hakala, Westover Air Force Base, were week end guests of his parents, Mr. and Mrs. Stanley Hakala.

Mr. and Mrs. Dwight Oldham, West Paris, and Dr. and Mrs. Sherwin and David, Rumford, were Sunday afternoon visitors at Mr. and Mrs. Norman Millett's.

WEEK IN OXFORD

Mrs. Gladys Conant, Canton, Mrs. Irene Noyes, Roxbury, and Mrs. Mary Noyes, Oxford County, at the annual conference of the National Extension Homemakers Council at Michigan State University the week of Aug. 12.

The trustees of the Paris Union signed three contracts for \$5,500.00 with Cianbro Co. for the construction of a water pollution control facility, a sewerage and lateral sewers pumping station and force main. Construction is scheduled to begin in a month and will be completed in early 1975. The project is funded by a \$3,540,000 grant from the Environmental Protection Agency, a \$470,000 grant from the State, and \$470,000 from the Paris Union District and contributing towns. The local share will be covered by an FHA loan.

State "Scout" Greig, 16, of Hallowell will exhibit his grand champion steer at Lewiston Fair, Oxford County Fair at Norway and the State Fair at Bethel. The steer weighs 780 pounds and is estimated that 35 hours have been spent in searching over areas of land on Route 26 in the Paris Union vicinity (Welchville) in an effort to locate two bodies a large girl reported to have been seen in the area. A helicopter has been used in the search. No bodies have been found. It is reported that the girl will be searched later in the week when the foliage has thinned.

The Mexico High School Class held its 47th reunion Aug. 12 at the camp of Alton Hutchinson. An outdoor smorgasbord was enjoyed at noon and more were made to hold future reunions at the same place.
